MEMORANDUM FOR: Director of Medical Services

SUBJECT : Status of OMS Action on Certain Recommendations from
IG Survey of the OMS

REFERENCE : Memorandum from DD/S, dated 2 Oct 68, Subject: IG
Survey of the OMS

1. Referent memorandum reflected the interest of the DD/S and the Executive Director-Comptroller in continuing OMS action on Recommendations 5, 6, 7 and 14 of the report of the IG Survey of the OMS. Status of OMS action on each of these is as follows.

2. Recommendation 5

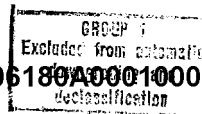

a. Discussion was held with the Office of Personnel (Mr. [] A/ExO). After conferring with the D/Pers, [] informed that the OP concurs in the appropriateness of continuing a medical Careerist in the position of PO/OMS, provided OP has an opportunity to give the incumbent personnel training. For a new incumbent this training might be for as much as six months. For the present incumbent, OP suggests a briefer tutorial training and is prepared to arrange this.

b. Discussion was held with the Office of Finance [] DD/T). After conferring with the D/T, [] informed that the D/T on 27 August had sent a memorandum to A-DD/S (in response to Mr. Coffey's query) stating that the OF had reviewed the finance procedures of the OMS, that there were no deficiencies and no problems that required a finance specialist; OMS finance procedures are well handled, and the D/T therefore did not agree that the assignment of a finance specialist to the OMS is necessary.

3. Recommendation 6

C/SFC informs that he has conferred with the interested OMS officials and that a brief report will be forwarded to you early next week. (When C/SFC indicated that the report will probably be something less than you might be expecting -- based on your earlier discussion with him concerning the SFC -- I informed him that in such event you would probably want to discuss the matter early next week in view of your plan to meet next week with the DD/S on these recommendations.)
